

Preferences controls

Dark, Light, and System theme modes.

English, French, and Spanish language options with flags.

Implementation

Preferences persist in localStorage.

System follows OS color preference.

Language selection updates document language and navigation labels.

Validation

typecheck PASS

lint PASS

unit tests 11/11 PASS

git diff --check PASS

Remaining work

Long-form editorial copy needs a complete localization pass.

NOT READY - full-site translation remains incomplete.
